

NATIONAL LEADERSHIP & SKILLS CONFERENCE

ATLANTA | JUNE 2023

SkillsUSA National Officer Election Process

The SkillsUSA national officer election process facilitates the election of 10 high school representatives (five at-large positions and five regional vice presidents) and five at-large college/postsecondary representatives to serve as student leaders for SkillsUSA as national officers.

Candidates engage in multiple selection interview/demonstration rounds that may occur individually or in groups. In all rounds, candidates apply their knowledge and skills applicable to the responsibilities of a national officer.

As a result of the national officer election process, the SkillsUSA mission is achieved by ensuring that national officer candidates can:

- Engage in multiple election process interview/demonstration rounds in which they will apply their knowledge and skills in ways that are authentic to and replicate the experience and duties of a SkillsUSA national officer.
- Demonstrate their ability to apply the SkillsUSA Framework Essential Element knowledge and skills through a rigorous interview process.

The National Officer Election Process will be held throughout June 2023, including the application (due by June 1 at 6 p.m. ET), pre-NLSC virtual events and in-person events during NLSC.

Please see the 2023-24 National Officer Program Guide [here](#) for further details on the election process.
