

NATIONAL LEADERSHIP & SKILLS CONFERENCE

ATLANTA | JUNE 2023

Models of Excellence

SkillsUSA recognizes 24 chapters nationally as Models of Excellence chapters for their exemplary work in supporting the SkillsUSA Framework of developing personal, workplace, and technical skills grounded in academics through participation in the Chapter Excellence Program. Each chapter selected is represented by the advisor and 2 student members at the National Leadership and Skills Conference.

As a Models of Excellence honoree, representatives from each chapter will participate in several experiences during NLSC.

- Student representatives participate in-person finalist interviews where a panel of judges, comprised of business and industry partners and educators, will interview and evaluate each of the chapters based on their goals, student-led plan of action, results, evaluation and SkillsUSA Framework integration.
- Chapters will participate in a recognition dinner held at the Georgia Aquarium attended by school administrators, department of education staff, state directors, business and industry partners, dignitaries and SkillsUSA board members and staff.

The top 3 chapters, one in each component area, will be announced during the Awards session.
